About Us

PT Antar Benua Internasional (PT ABI) is an Indonesian limited liability company (*Perseoran Terbatas*) with its head office in Langsa, Aceh, engaged in international trade — exporting, importing and moving goods across borders.

Founded in 2018 under a deed of establishment and registered in Indonesia's Risk-Based Business Licensing (OSS) system, PT ABI is a domestic-investment (PMDN) company holding a Business Identification Number (NIB) that also serves as its importer identification number (API-U) and customs access right.

Since 2020 we have been shipping real cargo, with **Malaysia as our largest destination**, alongside customers in **Japan and Türkiye** — we are already international and expanding into new markets. We source agricultural, marine and bio-energy commodities from **producers across the whole Indonesian archipelago** — coffee, tea, spices, tuna, vegetables, wood chips, charcoal briquettes and coconut products — backed by our own logistics and freight-coordination capability.

Vision & Mission

OUR VISION

To become a trusted Indonesian gateway to the world — the partner international buyers choose first for reliable, traceable and fairly traded commodities across the Indonesian archipelago.

1

Deliver quality, consistently

Source carefully, inspect before loading and ship to the specification agreed with each buyer, every time.

2

Move cargo end-to-end

Combine export, import and logistics coordination in a single point of contact — from farm gate or landing site anywhere in Indonesia to the buyer's port.

3

Grow with local producers

Create stable market access for farmers, fishers and cooperatives across Indonesia while building long-term relationships with overseas partners.

Partnership

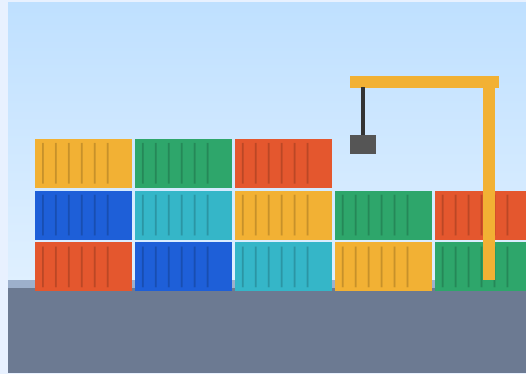

Compliance

Our Services

Export

Sourcing, grading, packing, export documentation and shipment of Indonesian commodities to buyers abroad — with Malaysia as our most active corridor.

Import

Importation under our own importer identification number (API-U) with customs access rights, including customs clearance coordination and inland delivery.

Logistics & Freight Coordination

Sea, land and air freight arrangement, container booking, trucking, warehousing coordination and courier-agent services (registered activity).

How a shipment works

6

Delivery & after-sales

Our Products • Beverages, Spices & Seafood

Coffee

Green coffee beans — Arabica and Robusta from Indonesia's leading origins (including Aceh Gayo, Sumatra and beyond), available as green bean in export grades.

Form **Green bean**
Pack **60 kg bags / FCL**

Tea

Black and green tea in bulk leaf form for blenders, packers and distributors.

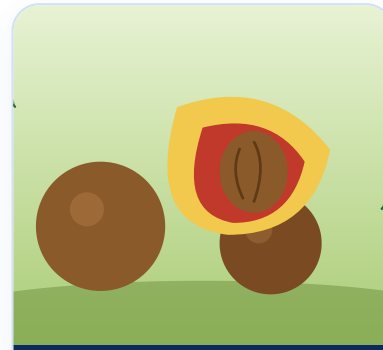

Form **Bulk leaf**
Pack **Sacks / cartons**

Spices

Dried Indonesian spices such as cloves, cinnamon, black pepper, ginger and turmeric, cleaned and sorted.

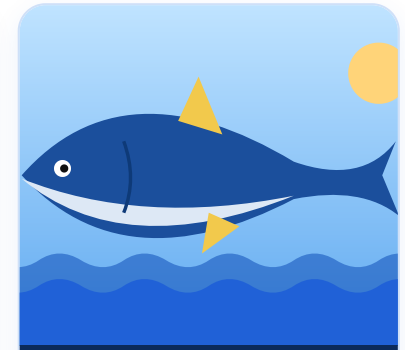

Form **Whole / sliced**
Pack **25–50 kg bags**

Nutmeg (Pala)

Indonesian nutmeg (including Aceh) — whole nutmeg in shell or shelled, with mace, prized for its aroma and oil content.

Form **Whole / shelled**
Pack **PP / jute bags**

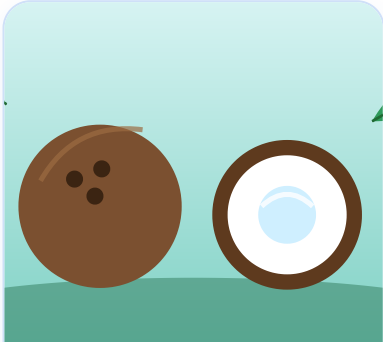

Tuna

Fresh-chilled and frozen tuna from Indonesian waters — whole round, loins and cuts, handled under a cold chain.

Form **Chilled / frozen**
Pack **Ice box / reefer**

Specifications, grades and packaging are tailored to each buyer's order; samples and technical specifications are available on request.

Logistics, Fleet & Expedition

Sea freight

FCL / LCL containers and bulk cargo via major Indonesian and Malaysian ports, using partner shipping lines and vessels.

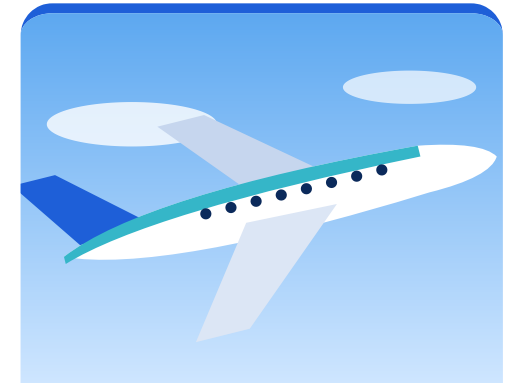

Container handling

Container booking, stuffing supervision, sealing and port coordination for dry and reefer cargo.

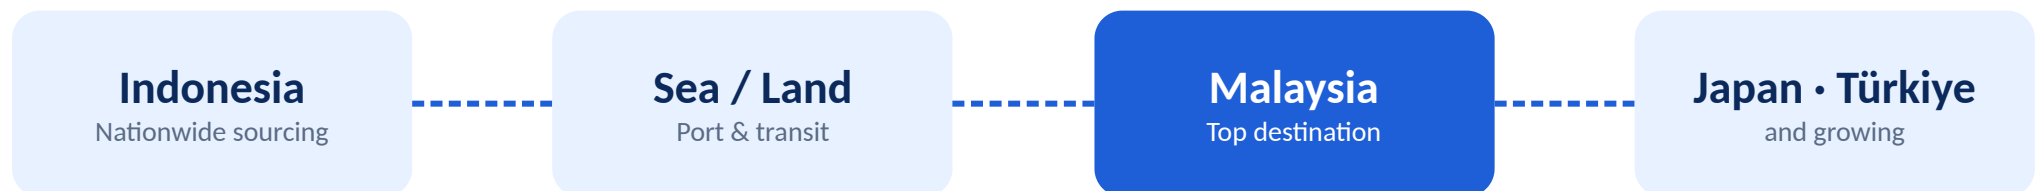

Land haulage

Trucking from farm, plant and landing site to port and warehouse, from origins across Indonesia.

Air freight & courier

Urgent and perishable consignments plus courier-agent activity (KBLI 53202).

Vessels and trucks are operated through our trusted carrier and freight-forwarder network, so we can scale capacity to each shipment without compromising schedule or cost.

Why Choose Us

1

Professional execution

Complete export-import paperwork, transparent pricing and clear communication at each milestone.

2

Secure handling

Inspected loading, sealed containers, insured cargo options and cold-chain handling for perishables.

3

Flexible solutions

Mixed or full containers, repeat contracts or one-off orders, and packaging tailored to your market.

4

Strategic location

Head office in Aceh at the Malacca Strait, with sourcing from every major region of Indonesia.

5

Licensed & compliant

NIB with API-U, customs access and OSS-registered business lines; verifiable on oss.go.id.

6

Partner network

Direct links to growers, fishing suppliers, forwarders and shipping lines nationwide for reliable supply.

Our Experience & Partners

- 2018**
PT Antar Benua Internasional established in Langsa, Aceh.
- 2019**
NIB (Business Identification Number) issued via the national OSS system.
- 2020**
Export operations under way — first shipments of commodities to overseas buyers.
- 2024**
Registered trading lines expanded to coffee & tea, fruits, fishery products and courier services.
- Today**
Serving buyers in Malaysia, Japan and Türkiye — already international, and going further.

Business references, shipping documents and sample paperwork are available to qualified buyers on request.

PRIMARY EXPORT MARKET

Malaysia

Our most frequent destination since 2020, thanks to short transit times and strong demand for Indonesian coffee, spices, seafood and bio-fuels. Customers in **Japan** and **Türkiye** confirm that PT ABI is already an international supplier — with more markets next.

Licensing & Compliance

NOMOR INDUK BERUSAHA (NIB)

9120207462723

- Issued through the national OSS Risk-Based Business Licensing system
- Investment status: PMDN (domestic)
- Functions as importer identification number (API-U)
- Customs access right
- Verifiable at oss.go.id

Import-ready

Our NIB serves as an importer ID (API-U), so we can import and clear goods in our own name.

Registered trading lines

Wholesale of coffee, tea & cocoa, fruits and fishery products, plus courier-agent activity — the backbone of our export, import and logistics work.

Transparent & verifiable

Buyers and partners can request our NIB and supporting documents for due diligence at any time.
